THE LIST MUST ONLY SHOW SHOPS THAT CAN FULFILL ALL OF THE SERVICES THE USER SELECTED.

**Rule:** If a salon is missing even one selected service (e.g., they offer Hair Spa but not Nail Polish), they are ineligible and must be hidden from the list.

**Priority:** This filtering check is mandatory and happens first, before any sorting like "Nearby" or "Price" is applied.

This makes it perfectly clear that the shop must be able to complete the entire job before being displayed

**Summary:**  
THIS COLUMN SHOULD DISPLAY ONLY THE CUSTOMER'S LAST BOOKING DETAILS, NOT NEARBY SALONS.

Remove Nearby Salons → Do not show any nearby salon list here.

Show Last Booking Instead → In this same place, display the customer's last booked service(s) along with the salon name.

Format: Salon Name — Service Name
